QUICK TURN-OVER EVERGREEN LINERS

None of us can truly see into the future and foretell exact market requirements . . . good nursery management requires that decision to buy and grow what will **most probably** be needed for future sales. A well-stocked nursery is essential to good business.

This list of heavy, fast-maturing liners is prepared for that decisive nurseryman who is not willing to gamble on the market eight, ten and twelve years hence, but would rather turn his inventory into cash on a market only two or three years away.

All orders are accepted on the condition that they shall be void should any injury befall the stock from causes over which we have no control. THESE PRICES DO NOT INCLUDE ANY GUARANTEE WHATSOEVER AS TO GROWTH. Requests for adjustment and complaints must be made within 20 days after receipt of goods. NO COMPLAINTS ENTERTAINED AFTER THIS 20 DAY PERIOD.

PRE-STAKED EVERGREEN GRAFTS

65c each per 100, 60c each per 1000

Our grafts are ready for field planting and cultivation when shipped—no grafts broken in shipping or cultivation—no expensive field staking or tying necessary.

Before your graft is shipped from Hill's, a light but strong stake is inserted into each pot beside the graft. The rubber strip is replaced with grafting tape that encircles both the stake and the graft, and the tip of each graft is secured to the stake with a patent tie. The pot itself is then replaced with a lightweight, moistureproof wrapping to save shipping expense and to insure that the graft reaches you in the best possible condition.
